

**Classical Mechanics 2: Jan-Apr 2014**  
Govind S. Krishnaswami, Chennai Mathematical Institute

**Some books on classical mechanics are listed here.**

- Kittel, Knight, Ruderman, Helmholtz and Moyer, Mechanics (Berkeley Physics Course Vol 1).
- Kleppner and Kolenkov, An Introduction to Mechanics
- A. P. French, Newtonian Mechanics.
- Kibble and Berkshire, Classical Mechanics.
- Hand and Finch, Analytical Mechanics.
- Feynman, Leighton and Sands, Feynman lectures on physics.
- K. R. Symon, Mechanics.
- Goldstein, Poole and Safko, Classical Mechanics.
- S. G. Rajeev, Advanced Mechanics.
- Landau and Lifshitz, Vol 1, Mechanics
